

✓ Vote YES on Amendment 4 !
Let the people vote on growth !

Give Yourself the Power to Approve:
Appropriate development projects that improve your community.

Give Yourself the Power to Veto:
Excessive, poorly planned development that causes sprawl, overcrowded roads and schools, loss of green space, lower property values, and soaring taxes

Amendment 4 gives a community's voters a veto power over inappropriate development. It's the check-and-balance Florida needs for good government that truly represents the public interest.

* * * * *

A powerful alliance of government officials and business interests that benefit from out-of-control development are opposing Amendment 4 . . . because Amendment 4 gives power to YOU to decide how land is used in your community.

Stand Up for YOUR Rights!

4 for You! 4 for Florida!
